Annual Member Survey

ECU Members Say

"I love ECU. They make me feel that I am important to them, no matter your financial situation."

In this year's survey, a record 87.8% of Eastman Credit Union members identified as 'Happy Members,' a metric that the credit union has tracked for more than 30 years. Accordingly, three-quarters of ECU members rely on ECU as their primary source of financial services.

"Each year, more members are realizing that there are so many ways to conveniently conduct their business with ECU. Members concurrently ranked online/mobile banking as their overall preferred banking channel and offered praise for the great service they receive in person at the branches," said Catherine Lewis, Market Researcher of The Maclean Group in Charlotte, North Carolina.
