IT'S EXTRAORDINARY DIVIDEND TIME!

What better way to start the new year than with extra money?

ECU's board of directors approved a \$15 million Extraordinary Dividend to be paid to members this January. The first Extraordinary Dividend was paid in 1998, and this year's reward will bring the total given back to members to \$177 million.

"We are excited to return this money to our members. This announcement is a direct result of our members' loyalty, our employees' hard work, and our board's leadership," said Kelly Price, ECU's president and CEO.

The Extraordinary Dividend signifies the shared success afforded by the credit union's cooperative structure. Member payouts are calculated based on the interest paid on loans and earned on deposits throughout the year.

"Announcing the Extraordinary Dividend is always exciting. It exemplifies the credit union difference and shows that we put our members first. Beyond that, our communities and local economies benefit from the extra boost. It's a win-win," said Price.

ECU's board of directors approves the payout each year after reviewing the financials and verifying ECU has achieved a level of net worth needed for current and future requirements.
